6th Golden Age Gymnastics Festival 2018

Dear Presidents, Dear Friends,

As you already know, the UEG Executive Committee has entrusted the Italian Gymnastics Federation and the town of Pesaro with the organisation of the 6th Golden Age Gym Festival, which will take place from September 15th to 22nd, 2018.

Enclosed please find more detailed information from the Organising Federation as well as an invitation to the Information Meeting in Pesaro, which will be held on October 7th and 8th, 2017.

The Golden Age Gym Festival is by now very well known by all our Member Federations, but please allow us anyway to summarise its objectives: for aging healthily it is an essential condition that people 50+ continue to be physically active. Cultural activities play of course also a very important role. For seniors it becomes more and more important to be among like-minded people and to experience sport and culture in a group, as all this can avoid isolation.

We would therefore be very pleased if, for this 6th edition too, we could welcome a record number of participants representing the "Golden Age" !

Therefore, we also would appreciate your support of the Golden Age Gym Festival by informing your clubs and associations via your magazine/journal or website about this important Gymnastics for All Event and the deadline for the information meeting.

The town of Pesaro is looking forward to welcome you next year! We count on your support and thank you already in advance for your co-operation.

Yours sincerely,

UNION EUROPEENNE DE GYMNASTIQUE
